There's plenty to do, whether it's the theme parks, shopping, relaxing, golf or getting back to nature.

Theme Parks

Walt Disney World is just over 5 minutes away, and you must remember to see the water parks and Downtown Disney as well.

Universal Studios and Islands of Adventure are 20 minutes away and are a must for thrill seekers and movie fans.

Seaworld and Discovery Cove are also only 20 minutes away and are a must for all those wildlife lovers, and not forgetting the newly opened Aquatica Water Park.

For those wanting a day out there are many attractions to see, but the most popular are Kennedy Space Center and Busch Gardens

If you really want to get away from the theme parks there are numerous golf courses and state/recreation parks all close by. For those of you who can't resist shopping there are outlet malls for all those bargains.
